Dr Kenneth Kennedy (Ngati Rangiteaorere)

I will continue to represent Ngati Rangiteaorere to the best of my ability if successful. I will continue to listen, observe, monitor and provide input in decision making at governance level. With the appointment of a new chief executive in 2019 no doubt there will be change. My focus will be to fully support the new C.E's organisational and leadership skills with an emphasis on the already existing values of Te Arawa Fisheries. I will provide regular communication back to Ngati Rangiteaorere providing opportunities in education and cultural development for all whanau of Ngati Rangiteaorere.

Kiri Potaka – Dewes (Ngati Rangiteaorere)

Tena Tatau nga whanau o Ngati Rangiteaorere.

There has been a lack of representation for the people of Ngati Rangiteaorere on the Fisheries Board for the past 3 years. Now is your chance to address that situation. I have known you and your families since the time we built the new wharekai; since Reg, Aunty Billie and Tessa established the Kohanga reo; and Koro Boydie, Bill Kingi and Helen Crawford re-configured all aspects of the Marae. Let me continue their Legacy. Im asking for your vote and I will be your voice at the board table.

Ko Rihari Ngoungou Maui ahau.

Rihari first trained as a Kaiako Kura Mahita in Auckland and served 12 years as a teacher. He is an avid fisherman, who has previously owned and operated his own charter boat. He also has experience on Boards and in Communities, including Whanau trusts. Rihari is deeply committed to the sustainability o nga Ika, for current and future generations. Maori should be at the forefront of this strategy.

Roku Mihinui (Tuhourangi)

When attending various hui both for Te Arawa and by Te Arawa the question I ask is "What's in it for us and our next generations?" This question has more relevance when outside organisations and government agencies are presenting. Fisheries in particular has been through significant challenges and maintaining Te Arawa Mana Whenua is a main priority. My background and experience will contribute to this.
